

An aerial photograph showing a flooded area with a road and debris. The road is a two-lane highway with a yellow center line, curving from the bottom right towards the top right. To the left of the road, the area is flooded with murky water, and there is a large pile of debris, including what appears to be a large piece of machinery or a vehicle. A small boat is visible in the water near the debris. The overall scene suggests a major disaster, such as a hurricane or flood.

1. Incident Name <div style="text-align: center; padding-top: 10px;">Hurricane Ida</div>	2. Operational Period	<div style="text-align: right; padding-right: 10px;">Date / Time</div> <div style="text-align: center; padding-top: 10px;"> From: 09/23/2021 / 08:00 To: 09/24/2021 / 08:00 </div>				
INCIDENT OBJECTIVES ICS 202						
3. Incident Objective(s) <ol style="list-style-type: none"> 1. Ensure health and safety of responders and the public by conducting operations in accordance with the approved site safety plan. 2. Maintain contact with federal, state and local partners to ensure efficient response to needs. Coordinate post storm activities. 3. Demonstrate the ability to disseminate the information collected to partner agencies per agency requirements. 4. Input and maintain information in Web EOC 5. Continue contact with Priority I and II facilities, radiation licensees, and all parish contacts as needed 6. Coordinate with parishes to review, approve and activate emergency debris sites 						
4. Operational Period Command Emphasis (Priorities, Key Decisions for Operational Period) <ol style="list-style-type: none"> 1. Develop plan for appropriate ICP staff; evaluate and provide appropriate "right sizing" of the organization to correlate with operational needs 2. Complete detailed 214s as required and submit at the end of each pay period. 3. Identify and secure necessary supplies for field Operations. 4. Work with OTS and Weston on ensuring Response Manager is operational 5. Continue working with federal and state partners on post-storm activities 6. Conduct phone, facility damage, waste water treatment plant, debris, landfill and underground storage tank site assessments 7. Conduct assessment of orphan containers 8. Conduct inspections of oil spills 9. Maintain communication with parish liaison contacts to provide assistance 						
5. Safety Objectives <ol style="list-style-type: none"> 1. Weather Hazards – Be aware of any potential road hazards while driving 2. Reporting Injuries – it is very crucial to report all injuries to your Supervisor or Safety Officer. 3. COVID-19 – Follow all applicable COVID-19 protocols (social distancing, PPE, etc).

Safety Message

Hurricane Ida

Operational Period: 09/23/2021/ 0800
09/24/2021/ 0800

Major Hazards and Risk:

Working in the Office, Boating, Defensive Driving, Road Washouts, Debris/Landfills/Sampling, Electrical hazards, Security, Fatigue, PPE, Heat

Animals: Be aware of animals displaced by Hurricane Ida.

Boating: Make sure you wear your life vest while in the boat. Verify tie downs, tire pressure, and vault system axle grease/oil check before heading out. Take into account weather conditions.

Working in the Office: Many of us over the next several days will be working in closer proximity to others because of our emergency response. Please read the COVID-19 information provided. Wear your MASK. Use hand sanitizer or wash your hands with soap and water when appropriate. Maintain social distancing of 6 feet when possible.

Defensive Driving: Be alert. Drive with extreme caution. Be aware of service people working in the parishes while driving roads and highways. Stay away from downed power lines.

Debris/ Landfills/ Sampling: Wear appropriate PPE to address the hazard issues while entering and exiting debris fields. Examples of PPE are safety vests, inserts, hard hats, safety glasses, gloves if needed, and hearing protection around grinders. Be aware of hollow spaces in debris fields. Remember you can get lacerations from tree trimmings.

Fatigue: Know your limitations. Watch your partner. He/She are just as busy as you are. Accidents happen when personnel are fatigued and not thinking clearly. Trips, slips, and falls occur when you are rushing to finish a job.

Hydrate/Heat: Remember to drink plenty of fluids. Bring something to drink since many facilities have suffered damage and are not open or are without power at this time. Take breaks as appropriate.

Mosquitoes: WEAR INSECT REPELLANT.

PPE: Personal protective equipment is the first line of defense against injury or potential exposures. All fieldwork requires the minimum of Level D protection. Incorporate your facial mask as appropriate. Have hand sanitizer.

Temperatures: Even when the humidity is lower, you still need to drink fluids to keep from dehydrating.

Weather Forecast: Houma, LA area

Wed 09/22	Thu 09/23	Fri 09/24	Sat 09/25	Sun 09/26	Mon 09/27	Tue 09/28

Rain %	Rain %	Rain %	Rain %	Rain %	Rain %	Rain %
34%	24%	24%	19%	21%	24%	24%

Call or email all noted hazards into the safety officer at the end of your shift.

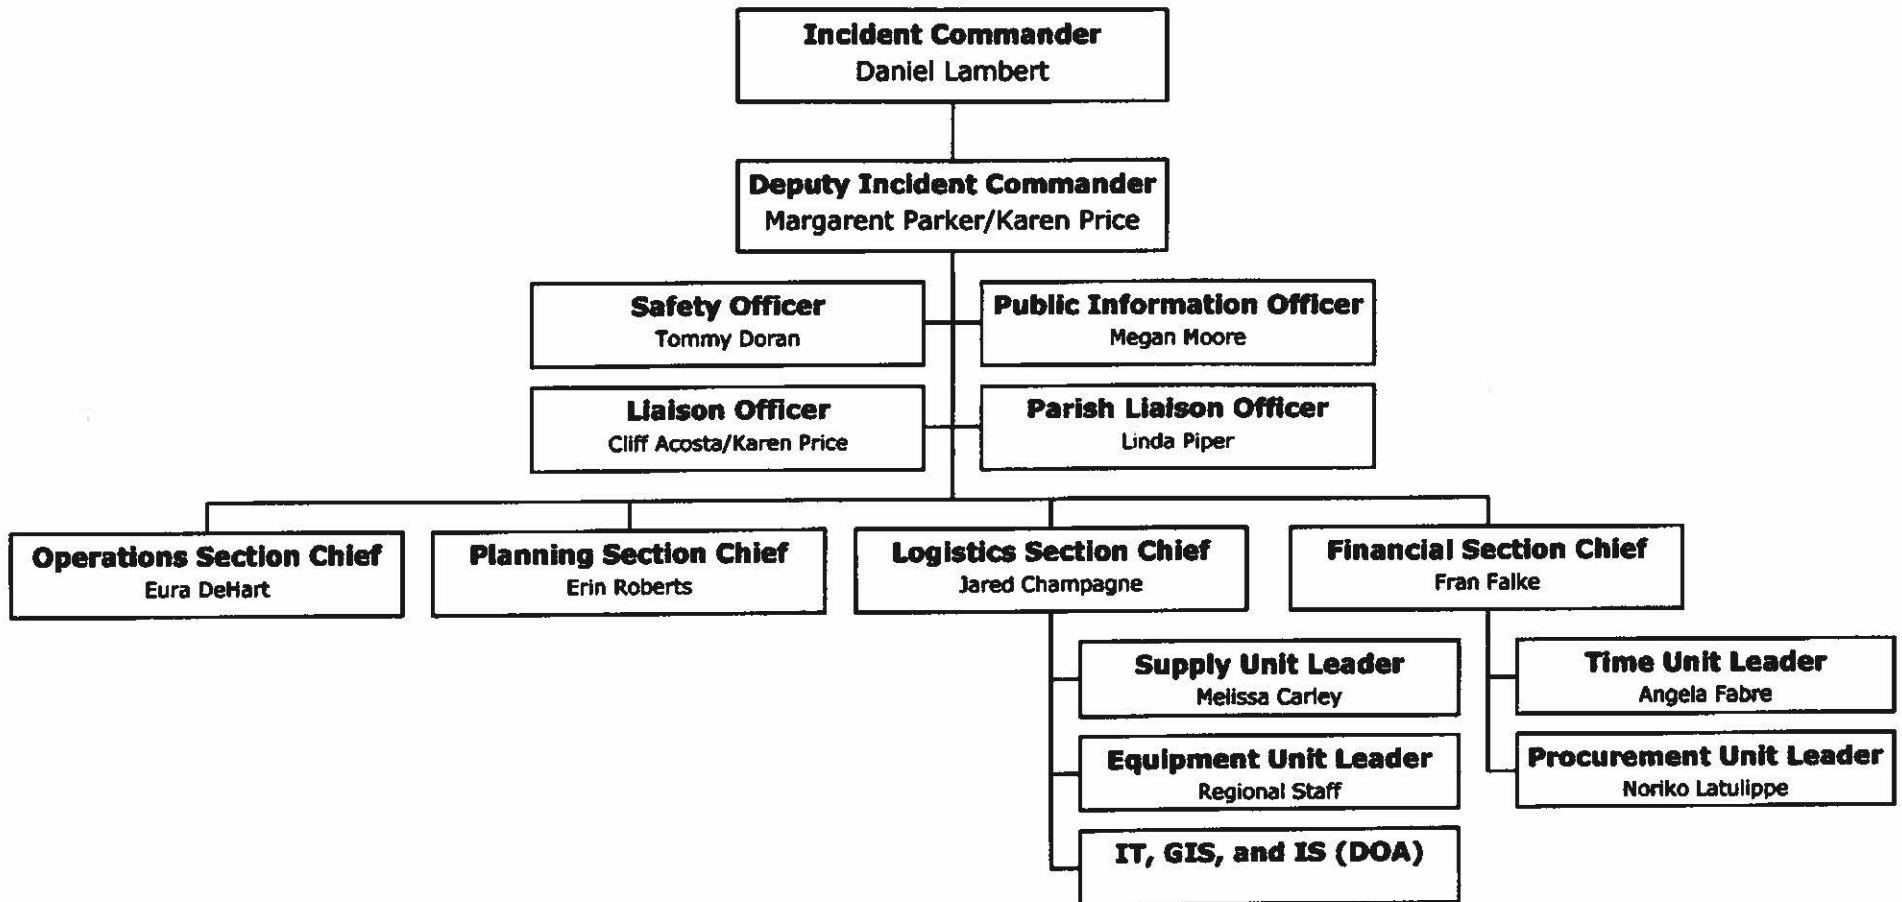

Before leaving the office, determine if you need to carry fluids for drinking and food for lunch/snacks. These items might not be available where you are going because of storm damage and loss of power. Make sure your vehicle is full of gas before heading out to perform your assigned task.
